

SECURITY AND COMPLIANCE

Endpoint Managed Service

Secure, efficient, always-updated device management powered by Microsoft Intune and expert operations

For more information on this, or our wider **Security and Compliance** services, speak to a Cloud Direct Sales Executive or contact hello@clouddirect.net.

Service overview

In a world powered by hybrid work, patch cycles, policy drift and inconsistent builds have been quietly eroding security postures and productivity.

Cloud Direct's Endpoint Managed Service ensures every device in your business is secure, compliant, and operating at peak performance. Using Microsoft Intune and automated workflows, we handle configuration, compliance, and ongoing support, freeing your IT teams to focus on strategic work while improving user productivity.

Who is this service for?

Businesses of all sizes that are seeking device operations that are secure, standardised, and centrally managed by Microsoft experts in line with best practice.

Addressing your challenges

Eliminate configuration drift with standardised device policies

Reduce downtime through proactive monitoring and updates

Strengthen security with enforced compliance baselines

Service deliverables

Our Endpoint experts deliver full lifecycle management from enrolment to policy governance, and ongoing support.

Core components

- Service discovery and requirement mapping
- Device provisioning and onboarding
- Configuration and policy management
- Application deployment and updates
- Compliance and security baselines

Ongoing activities

- Regular status reporting
- Patches and maintenance
- OS update management

Outcomes that matter

With your best-practice foundation in place, our Endpoint management delivers better productivity and stronger security to reduce your IT burden.

Enforced compliance controls

Proactive monitoring to reduce issue recurrence

Enhanced and consistent user experience

Automation to drive lower IT workload

Standardised configurations across devices

Scale with cloud-driven management

Cloud Direct's added value

Our extensive Microsoft experience enables our Intune and automation specialists to deliver scalable endpoint operations that are built to best practice and provide a secure foundation for innovation.
