

SECURITY AND COMPLIANCE

Microsoft 365 Content and File Transformation

Transform legacy files into secure, shareable documents that enable AI-powered collaboration

For more information on this, or our wider **AI Productivity** services, speak to a Cloud Direct Sales Executive or contact hello@clouddirect.net.

Service overview

Organisations that still rely on traditional, on-premises file sharing fail to realise the true value of Microsoft 365 and Copilot.

Cloud Direct's M365 Content and File Transformation delivers a structured programme that uncovers and addresses governance blind spots, modernises collaboration, and prepares your teams for AI-ready productivity with SharePoint Online, M365 Copilot, and more.

Who is this service for?

Organisations that want to move away from traditional file sharing methods and enable secure modernisation to leverage Microsoft 365, Teams, and Copilot.

Addressing your challenges

Disjointed workloads are fragmenting your teams

Overheads of legacy infrastructure soaring

Unable to unlock the value of Microsoft Copilot

Expertise in action

Our team of AI Productivity experts provide a seamless and secure transformation programme without disrupting day-to-day operations.

What we deliver

- A complete migration blueprint covering governance, design, and implementation
- A structured, expert-led delivery programme with discovery, design and acceptance phases
- A secure, modern SharePoint Online environment that aligns to your operating model
- Validated migration performance to ensure predictable timelines and throughput
- Improved user experience support by tailored how-to adoption and enablement guides

Outcomes that matter

Increase impact and unlock greater collaboration with a secure, scalable file sharing platform that acts as the foundation of AI-powered productivity.

A well-governed SharePoint Online structure

Verified migration performance

Reduced operational risk and overheads

Improved user experience and collaboration

Improved file-sharing security

Files and content that are ready to fuel AI

Cloud Direct's added value

We combine deep Microsoft 365 expertise with a proven migration methodology and governance-first design principles to deliver a fixed-price, outcome-led transformation programme and prepare your teams for AI adoption.
